RE: Docket 2008-196-E: Support for Schedule Change

Dear Mr. Terreni:

We are writing as intervenors in the SCE&G application for construction in Docket 2008-196-E. We concur with the letter filed August 6 by Carolina Energy Users Committee ("SCEUC") and CMC Steel South Carolina ("CMC Steel"), in which they requested a change in the schedule for filing testimony and for the hearing.

This project is complex and will have far-reaching consequences for rate payers as well as potentially harmful effects for the environment. As intervenors, we would appreciate the extended period for preparation. We recently received the very large box of documents from the Public Service Commission, including SCE&G's full application. It will take more time than is currently allocated for us to adequately study these documents and prepare for the hearing. We also note the proposed extended dates would still allow the Commission to rule before February, 2009.

Thank you for your consideration.

Sincerely,

Meira Maxine Warshauer
